

What is REDD+ finance being spent on? The Amazon Fund and The CBFF

Charlene Watson

Climate Change Environment and Forests, ODI

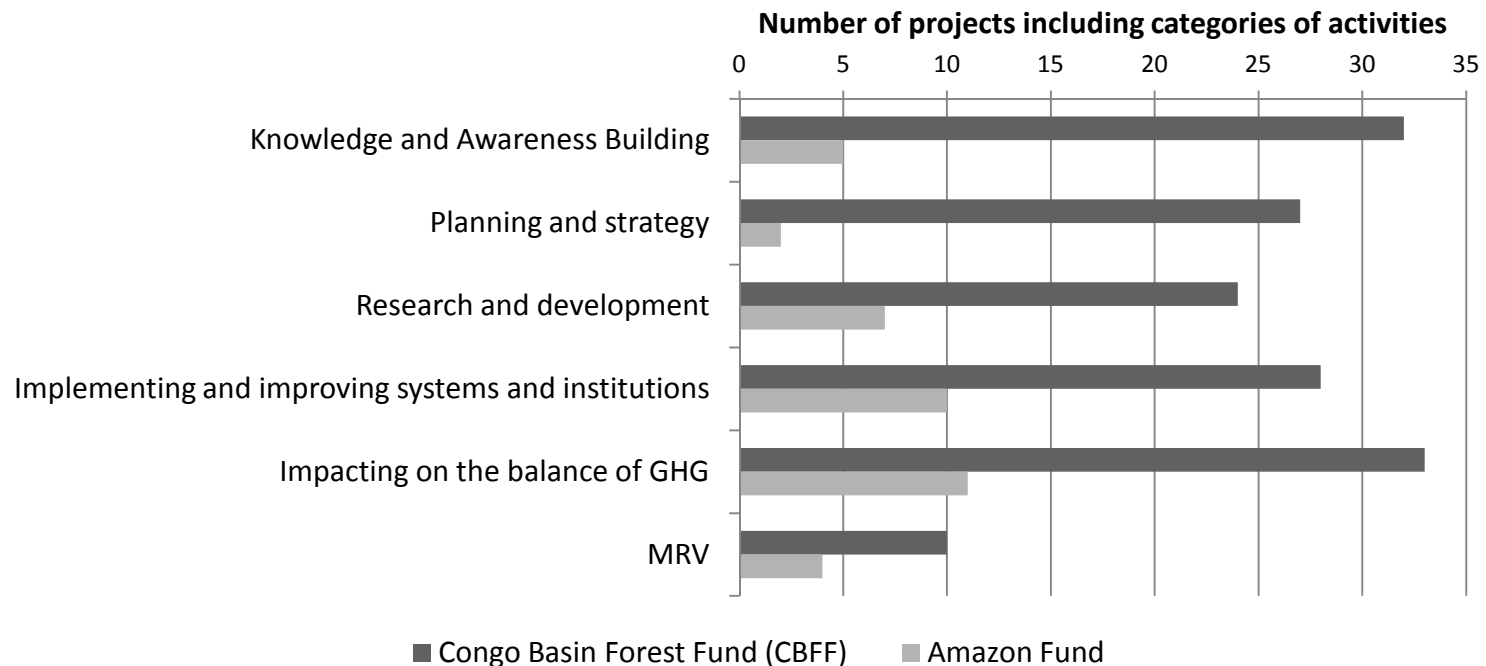

Monitoring REDD+ finance

- www.climatefundsupdate.org monitors and tracks 22 climate funds and initiatives
- Why?
 - Transparency
 - Accountability
 - How well is money spent?
 - Lessons learnt
- 12 forest related climate funds and initiatives, 7 dedicated, 170+ projects 52 countries

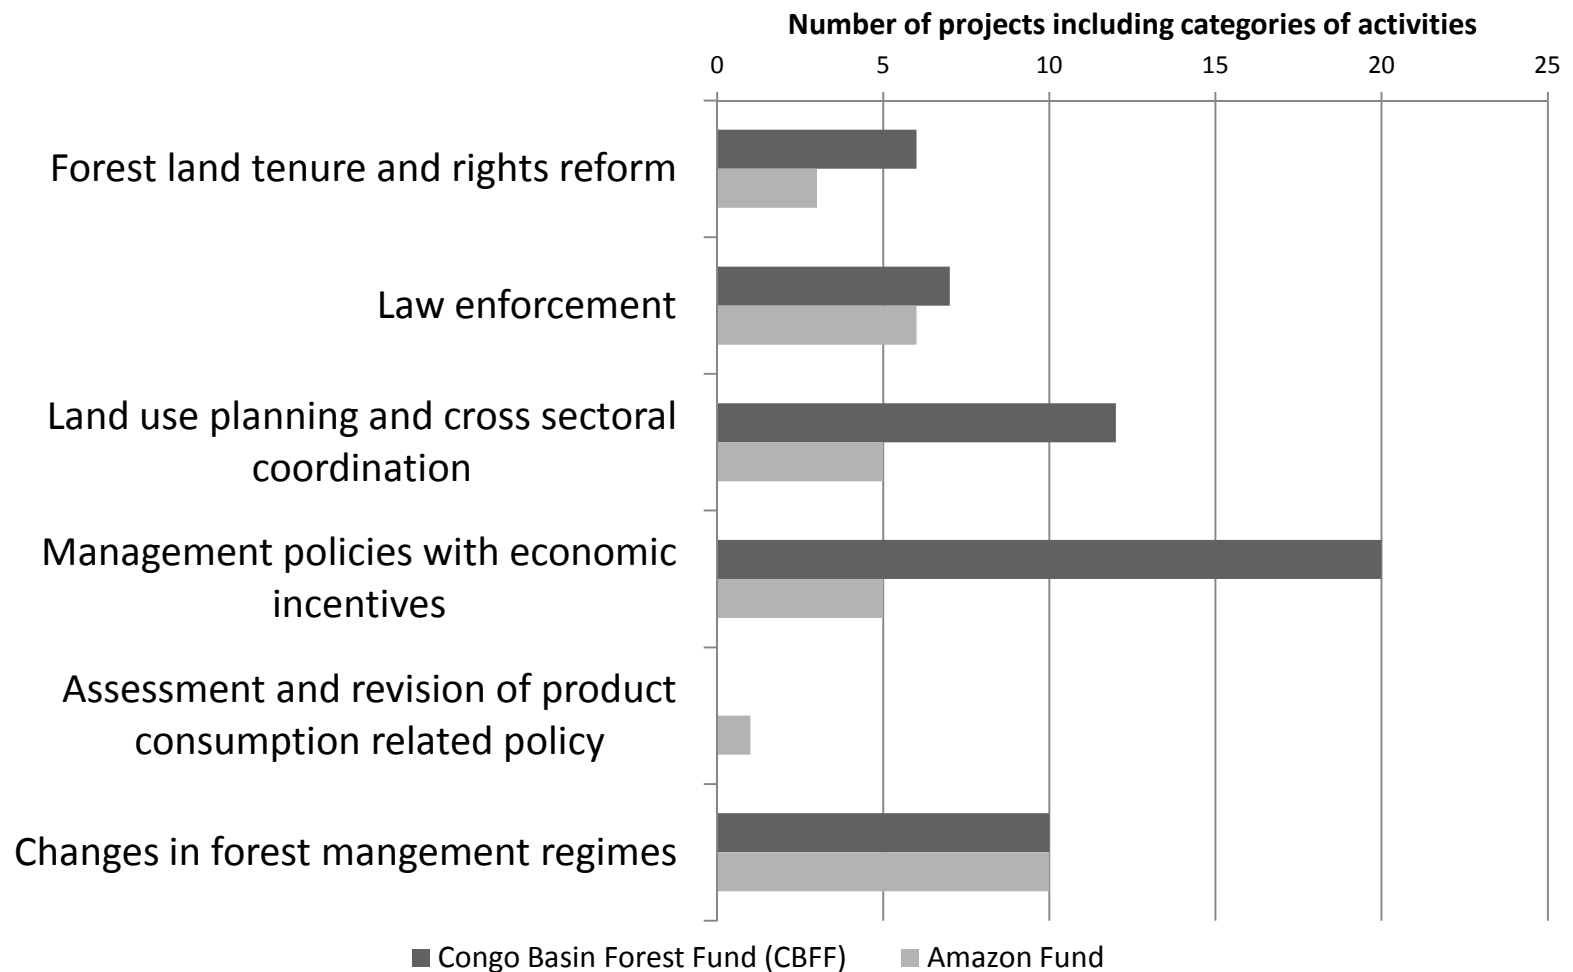

Categorisation of finance

	Projects	Average approved (USDm)	Average disbursed (USDm)	TOTAL approved (USDm)	TOTAL disbursed (USDm)
Amazon Fund	26	5.5	1.6	142.6	42.5
CBFF	33	2.3	0.4	75.0	12.1

Addressing the drivers?

ODI acknowledges the support of CLUA and HBF for REDD+ finance analysis

- **Analysis shows:**
 - Good transparency identified numerous project objectives and proposed activities
 - Projects impact on drivers of deforestation, but how much?
- **Issues for consideration:**
 - How to conceptualise ‘addressing drivers’?
 - Lessons from existing methods and practice?
 - Decision spaces and applicability of methods?
 - At global, regional, national, or local scale?
 - Ensuring a coordinated approach between REDD+ initiatives
